Dear Jack

**RE: FIRE SPRINKLER SYSTEM: FOUR YEARLY VALVE OVERHAUL – NZ DAIRY COLLECTIVE**

Our records indicate that the Fire Sprinkler System valve set installed in the above premises is now due for its four yearly valve overhaul.

The valve overhaul is required in order to maintain compliance with NZS 4541.

**Note: This price includes one site visit to check system pressure after the valve overhaul has been completed.**

We thank you for your attention to the above and request that you complete the attached acceptance form and return it to our office so we can programme the valve overhaul to be carried out.

Yours faithfully  
**FFP CANTERBURY LTD**
