Hi,

The CS should be amended so that it meets the Bldg. Amendment Act 2012 requirements as not all the systems are currently site specific, therefore please go ahead and on-charge to the building owner any costs for doing this as per normal.

Kind regards

Ellen Gebhardt

Hi Ellen

We can amend the CS as per the form11 we previously declined. We will include the as built for SS 4 and we will remove the wording (referring to as built) under location for the passives. This CS amendment will incur a fee to amend the CS which is 109\$ and plus billable time.

Please confirm if you wish us to amend the CS as per the form11.

Regards

Sri Regula | Building WoF Officer

Hi,

I am confused. The CS is not currently site specific and council is undertaking a regime to ensure that all CS's are site specific as per the Bldg. Amendment Act 2012, so why is this CS not being amended to be site specific?

Kind regards

Ellen Gebhardt

Hi Ellen

Please ignore the comment in the compliance schedule manual under location. (SS4- As built plan)

It is based on a comment made by the CCC assessors.

We will be declining the Form11 Request to make the site specific as it does not necessitate an amendment to the CS.

Regards

Sri Regula

Hi,

The CS only refers to the As Builts which is not attached to the CS so the site specific info is not meeting the Bldg. Act 2012 as the info has not been provided as part of the CS.

I shall leave it council to decide if they want to use our Form 11 to list the site specific info or to attach the As Built plans to the CS as without the As Builts the CS means nothing.

Kind regards

Ellen Gebhardt

Hi Ellen

This site seems to be as per building act 2012.

I am attaching a copy of CS for your reference.
Please let me know if you want to go through the request or not.

Regards
