MEMO No 8076

House Removal ^{V. Milne} ~~Robert~~ Paparoa

Sir,

Attached find application from ~~Mr. V. Milne~~ ^{V. Milne} Golden Springs. This building was shifted by Applicant who was aware that Council had refused a previous application to move the same building to Golden Bay on grounds of unsuitable locality.

Plans show substantial structural alterations which should improve the building and make it of pleasing appearance.

I recommend that approval be granted ~~and~~ subject to a Bond of £300 against completion in 2 months.

Re Bollenham

No. 2 R.D.,
Reporoa.
6th. May, 1966

The Building Inspector,
Rotorua County Council,
ROTORUA

Dear Sir,

I apply for a permit to alter a house that I have had shifted from Malfroy Road Rotorua. When I bought the house from a Mr. G.A. Farmer I was under the impression that it had been inspected by you and approval given but it was refused permission to be re-erected at Holden's Bay because of objections by local residents.

I have now found that I should have had approval before it was moved to my section at Golden Springs, Reporoa. I have had plans drawn and a builders quote to alter and repair the house and put it in good order so that my family will have a convenient and comfortable home.

I enclose a plan of the proposed additions and details of foundations etc.

If you require a bond or any details I may have neglected I can assure you of my co-operation.

Yours faithfully,

U. G. Milne
