Environmental Effects

New Application:

The adverse effect of the activity on the environment is considered to be:

☒ Minor ☐ Not Minor

Change, Cancellation, or Review of Consent Conditions:

Either, will the adverse effect of the activity on the environment continue to be minor;

☐ Yes ☐ No

or, is the degree of adverse effect of the activity likely to be unchanged or decreased

☐ Yes ☐ No

State the reasons why the effects are, or are not, considered to be minor (or unchanged or decreased in relation to a change, cancellation, or review of conditions). State if Special Circumstances exist (eg cumulative effects) that require application to be notified.

Note: In determining whether the adverse effect on the environment of any activity will be minor, no account shall be taken of the effect of the activity on any person whose written approval has been obtained. [S.94(4)]

*The previous consent was to discharge to the estuary.
The proposed disposal area is located away from
any surface watercourses & is well separated from
groundwater. The system has operated well
for 2 years with no signs of failure.*

PART A
NON-NOTIFIED APPLICATION

Reason for Non-Notification

***for all applications other than
Change, Cancellation, or Review of Consent Conditions***

Activities where there is no relevant Regional Plan or Coastal Plan:

- ☒ As provided by Section 94(3) of the RMA, this application need not be notified because the relevant criteria below (a, b and c) are satisfied.

Activities where there is a relevant Regional Plan or Coastal Plan:

As provided by Section 94 of the RMA, this application need not be notified because it relates to:

- ☐ A Controlled Activity [refer S.94(1)(b) & (1)(c)] (c or d apply)
☐ A Limited Discretionary Activity [refer S.94 (1A) & (2)] (e; or b and c apply)
☒ A Discretionary Activity [refer S.94 (1A) & (2)] (e; or b and c apply)
☐ A Non-Complying Activity [refer S.94(2)] (b and c apply)
☐ Application for Permission under S.389 (f applies)

and the relevant criteria below (b, c, d, e, f) are satisfied.

- ☒ (a) There is no relevant regional plan or proposed regional plan
☒ (b) For the reasons stated on p4 above the adverse effect on the environment of the activity for which the consent is sought will be minor
☒ (c) Either,
☒ Written approval has been obtained from every person who may be adversely affected by the granting of the resource consent (attach approvals); or
written approval has been obtained from owner
of an adjoining property owner.

- ☐ It is unreasonable in the circumstances to require the obtaining of every such approval for the following reason(s):

- ☐ (d) The _____ Regional Plan expressly permits consideration of the application without the need to obtain the written approval of affected persons
☐ (e) The activity to which the application relates is a discretionary activity over which the ARC has restricted the exercise of its discretion; and the _____ Regional Plan expressly permits consideration of the application without the need to obtain the written approval of affected persons
☐ (f) Section 390 C (2) applies

NON-NOTIFIED APPLICATION**Reason for Non-Notification****for
