RESOURCE CONSENT APPLICATION – ACCEPTANCE

Application Number(s):	REG-64137
Applicant:	Three Blokes Limited
Proposed Activity(s):	Consent for water permit - Bore
Address:	362 Matakana Valley Road, Matakana 0985

Thank you for your recent resource consent application, which we have checked and accepted for processing.

You can expect the Planner to visit the application site in the near future. The Resource Management Act 1991 (RMA) sets out a 20 working day statutory timeframe for processing of applications, provided no further information is requested and the application is not notified. We will contact you in writing if further information is needed.

A copy of your application has been given to the following specialists for consideration and assessment:

- Engineer

We will also make a decision on whether or not your application should be notified. Again, a letter will be sent to you letting you know if the decision is to notify the application.

Prior to a decision being made on your application a full set of the proposed final conditions will be forwarded to you for review. To provide adequate time for you to complete your review it may be necessary to extend the processing days beyond the relevant statutory timeframe.

Further information can be found on our website www.aucklandcouncil.govt.nz (select Rates, Building and Property then 'Consents')

The application fee for your consent is a deposit towards the cost of processing. Council charges all actual and reasonable costs of processing and as a result the deposit may not necessarily cover the total cost of your application. If this occurs you will be advised and invoiced for the difference.

If your application triggers the requirement for development contributions which are governed by the Local Government Act 2002, you will be advised by separate letter. Please note that for any consent granted after 1 July 2011, Watercare Services Ltd are responsible for determining Infrastructure Growth Charges associated with connecting a site to either the water or wastewater reticulation. For more detail on these charges you are advised to visit their website at www.watercare.co.nz or contact them for advice on 09 442 2222.

If you have any queries please contact Sabrina Quarente on [insert direct dial] or email [insert email address] and quote the application number above.

Please note that planners are often working on multiple applications and may not be immediately available. If your planner does not respond to your queries within 24 hours, please contact their team leader [team leader name] on [TL direct dial].

Regards

Sheryl Lawson
Resource Consent Administrator
